

# Medical Student Service Project Award

**Purpose:** To aid the establishment of a medical student service project benefiting the medical school or the local community, and to recognize students who dedicate their time and effort to these endeavors. Only one proposal will be accepted from a school during an academic year. Initial applications must be for new projects with the potential to generate future support from the medical school or other sources, not for supplemental funding for existing programs.

**Eligibility:** Any group of students at a school with an active ΑΩΑ chapter (ΑΩΑ membership is not required).

**The award:** The school will receive up to \$2000 per year, renewable for a second year up to \$1000 and a third year up to \$500 to fund the project. Funding for the second and third years will be dependent on review by the national office of a progress report on the first or second years.

**Dates:** The ΑΩΑ councilor and office of the dean will set a deadline for proposals to be submitted to the school. One proposal will be chosen from among those submitted to the councilor to be sent to the national office by the student(s) involved. The selected proposal may be sent at any time.

## **Proposal requirements:**

Proposals describing the project and the involvement of the organizing students must be prepared by the lead students. The application must be no longer than two single-spaced pages (1-inch margins, 10-point or larger type). It must include

- an explanation of the project's goals and objectives
- a proposed budget with plans for evaluation
- a support letter from the ΑΩΑ chapter councilor
- a support letter from the dean of students
- e-mail addresses and MS year of at least two of the lead students

Within 60 days of receipt, the national office will notify the student(s) and the school of its decision regarding funding.

**Send applications to:** Medical Student Service Project Award  
Alpha Omega Alpha  
525 Middlefield Road, Suite 130  
Menlo Park, California 94025
