

## Multi-AΩA families

Our interest in families with multiple AΩA members was piqued by a letter from Dr. John Packard of Birmingham, Alabama, whose family contains six AΩA members spanning four generations!

Edward N. Packard (Syracuse University, 1912)  
 John M. Packard (Harvard Medical School, 1945)  
 Ann M. Hudspeth (University of Alabama, 1976)

 James Chalmers Hudspeth (Washington University in St. Louis, 2008)

We asked you to let us know if your family has multiple AΩA members. Many members told us about their outstanding families—and sent us photos, which you can see on our web site ([http://alphaomegaalpha.org/news\\_multi\\_AOA.html](http://alphaomegaalpha.org/news_multi_AOA.html)). If your family has multiple AΩA members, send us an e-mail (with photos if you have them) at [multiAOA@alphaomegaalpha.org](mailto:multiAOA@alphaomegaalpha.org).

This list was finalized March 3, 2014. If you've sent in your information since then, please check our web site.
